

SAVE THE BOBCATS

Manor School students take action to coexist with all wildlife

Several students from our class are going to testify at a Fish & Game meeting to help bobcats. We learned from Project Coyote that our beautiful bobcats are being cruelly trapped for their fur. The following are excerpts from letters the children wrote to the California Fish and Game commissioner.

"I really love bobcats a lot and when I heard about the trapping and killing of bobcats I got really sad and mad at the same time. When I grow up I want to see bobcats. These animals are for all of us. Why should some people kill them, what did they ever do to us?"

– Julia

"I care so deeply about animals, especially bobcats. It is such a thrill to see one in the wild being free and safe. It is despicable and extremely cruel that trappers have the right to kill these important animals."

– Andrew

"I am writing to express my support of a complete ban on the trapping of bobcats for their fur. There should be zero trapping allowed, it is cruel. Please don't let the trappers pressure you, we the children want to save the bobcats."

– Emilio

"I saw a bobcat on Mt. Tam with my family. It was the best moment of my life."

– Jacob

"All animals are important to the web of life, including predators. I am asking you, Mr. Commissioner to listen to the kids and ban trapping of bobcats and other wildlife."

– Emmy

EASY TIPS FOR COEXISTENCE

- DO NOT FEED COYOTES**
keeping coyotes wild is the key to coexisting
- REMOVE ATTRACTANTS**
feed pets inside, contain waste, compost & pick up fallen fruit
- SUPERVISE YOUR PETS**
walk dogs on leash & keep cats inside for safety
- KEEP COYOTES WARY**
if you are approached act big & make loud noises
- APPRECIATE COYOTES**
at a distance
- SHARE INFORMATION**
